II SUMMARY

Licensed in Biotechnology Engineering in 2006 by Catholic University of Portugal -Biotechnology College I gained a passion for the industry during a stage in Gent (Belgium).

I started my activity in the frozen foods sector and during that time I took a master's degree in Food Engineering and nutrition and also a postgraduation in integrated management systems. At the same time I started as a trainer.

In 2010 I joined the Frutóbidos team, where i started my activity as a consultant/auditor in integrated management systems and also as trainer in courses of Higher Technician of Work Safety.

Today I give support in implementation and audits of management systems. I still increasing my skills with the acquisition of know-how in various companies, in training activities and events in which I participate actively.

In 2017 I joined the auditors' team of TUV Rheinland Portugal. In 2018 I founded the brands QSconsult.pt with www.qualidadeeseguranca.com in the company SGQS Consult.
